

DENSIFY FASTER. POLISH SOONER. NO MESSY CLEANUP.

The Next Generation of Concrete Densifiers is Here!

Lythic™ Densifier speeds up concrete polishing and ramps up profits. Unlike cumbersome silicate products, Lythic's eco-friendly colloidal silica chemistry cuts steps and eliminates waiting:

- No scrub-in
- No scrub-off
- No wet disposal
- No overnight waiting
- No whitening
- No environmental harm

*Spray apply to saturate surface for 15 minutes. Ready to polish within one hour. **It's that simple.***
